# Platform Registration

## Registration Process

For information on Ontocuro and to register, please go to <http://semanticsoftware.com/ontocuro/>

Scroll to the bottom of the page where you will find the registration option table

START YOUR	PURCHASE	Private Cloud
<b>Free trial</b> You will have the ability to evaluate functionality limited to public ontologies No credit card needed <a href="#">Start trial</a>	<b>Public Cloud</b> Includes: Ontology Library, Full Pruning Functionality, and Ontology Validation \$480 per year / user \$40 per month / user <a href="#">Purchase</a>	Hosted in your own private instance <a href="#">Enquire</a>
		<b>On Premise</b> Hosted within your own sever <a href="#">Enquire</a>

Choose the option you would like:

- Free Trial (30 day no-obligation trial account)
- Public Cloud (multi-tenant environment hosted on the cloud)
- Private Cloud (private infrastructure managed by us, to host your own instance on the cloud)
- On Premise (install on your own infrastructure which is managed by you)

After selecting your preferred option, you are asked to provide some information in order for us to complete your registration. After this, you will receive a number of emails from the Semantic Software e-commerce engine and also the Semantiro Platform:

- The account holder will receive a **Semantic Software – Registration** email from [noreply@semanticsoftware.com](mailto:noreply@semanticsoftware.com) acknowledging their registration (see example below). If there is more than one subscriber from a company, then this email will list all the subscribers. If there is more than one billing type, then this email will highlight the subscribers by billing type
- For paid subscriptions, the account holder will receive an invoice with the individual items and the total cost for the account
- The listed users will each receive an email from [support@semantiro.com](mailto:support@semantiro.com) titled **Welcome to Semantiro**, which will provide their logon credentials to the Semantiro platform (see example below)

**From:** Semantic Software <[noreply@semanticsoftware.com](mailto:noreply@semanticsoftware.com)>

**To:** [juser@email.com](mailto:juser@email.com)

**Subject: Semantic Software - Registration**

## Account confirmation

### We have your details!

Name: John User

Email: [juser@email.com](mailto:juser@email.com)

Phone: 0412 345 678

**To:** juser@email.com

**Subject:** Welcome to Semantiro

## Welcome to Semantiro!

**Hello John**

A new account has been created for you on the Semantiro platform with the following credentials:

**User Name:** [juser@email.com](mailto:juser@email.com)

**Temporary Password:** XxXxXxXxXxXx

Please [log in to Semantiro](#) using these credentials to complete your profile setup and to use the platform.

If you did not request this account to be created, please [contact us](#).

Thank you,  
The Semantic team

## Logon Process

In order to use the Semantiro platform, a valid account is required. The “Welcome to Semantiro” email will provide a link to the platform, your user name and an initial temporary password for you to log in.

After your initial login, you will be prompted to change your password to one you will remember, and you will be required to provide two security questions which will be used in the event you forget your password.

## Further Information

To assist you in getting started quickly, refer to our [Ontocuro Quick Start Guide](#) and/or [Datacuro Quick Start Guide](#)

If you have any questions, refer to our [Semantiro FAQ](#). If your questions are not answered there, contact us at [support@semantiro.com](mailto:support@semantiro.com)

For detailed instructions on how to use the Semantiro platform, refer to our [Semantiro User Guide](#)
